

DESERTED BY TROOPS, ORDERED TO SURRENDER, KERENSKY DISAPPEARS

PLANS COMPLETE FOR TOMORROW'S Y. M. C. A. RALLY

Rousing Meeting in Soisson to Get War Work Campaign Here Started.

CAPT. MORTON TO SPEAK

Co. D Commander Home on Furlough Will Be Able to Tell of Work Organization in Doing in Army Camps from His First Hand Experience.

Plans for the big Y. M. C. A. rally to be held in the Soisson theatre tomorrow afternoon, to give impetus to the start of the campaign here on Monday were completed at a meeting of the general committee and the ward chairman of the sub-committees in Attorney H. George May's office last evening.

It is planned to make the meeting a rousing exhibition of Connellsville's patriotic spirit, which has not fallen down in any previous war campaign. Every man in Connellsville is asked to be present.

Judge E. H. Reppert will address the meeting, and former Judge R. E. Umbel will also speak. E. T. Norton, a member of the general committee, will preside. Captain R. S. Morton, "Commander of Company D," who is here on a furlough will also speak tomorrow afternoon. Captain Morton has been in direct touch with the Y. M. C. A. work in the army camps and he appreciates the full value of the work being done by the institution. Coming direct from a camp where the "Y" is filling up the idle hours of the soldier with comfort, Captain Morton is able to speak from experience.

John Kiferi has said he will have a 12 piece orchestra present, and the use of the theatre for the meeting has been donated by Mrs. May Smith Robbins.

On Monday morning all the committees will start out on the campaign from the office of Attorney H. George May, where supplies will be given out. It is the intention of the canvassers to see every man in the city and not to stop the canvass until each person has been asked to contribute. The goal of the city's campaign is \$20,000, the quota assigned to Connellsville of Fayette county's quota of \$35,000.

Immediately after the meeting Sunday afternoon, the various war committees will get together with their chairmen and make definite arrangements on their plan of campaign. This city is in the "Y" started with the "Y" war fund canvass, but the campaign will be pushed all the harder for the reason, and it will not end until the full quota of the city has been subscribed.

Fayette county has thus far subscribed \$12,000, according to the executive committee of the county, the amount being about one third of the quota. The "Y" drive is being successfully carried out in all parts of the county reports indicate, and there is no doubt but what the minimum quota of \$35,000 will be subscribed.

Uniontown has subscribed \$10,000, according to reports compiled yesterday and the three Brownshills have started out with \$5,000 as their goal. The Women's Auxiliary of the Y. M. C. A. here, which had some money in the treasury when it was disbanded several years ago, will hold a meeting Tuesday at 2:30 in the Baptist church to determine whether or not this money should be turned over to the Y. M. C. A. war work fund. Several of the women of the auxiliary have expressed the belief that this would be the best thing to do with the money.

From 25 to 30 automobile loads of Uniontown people will come to Connellsville for the big rally tomorrow, leaving the car house at 2 o'clock. Twenty-five machines full of people are assured.

FRICK CO. GETS \$25,500 FOR Y. M. C. A. WAR WORK.
An announcement was made at the noon luncheon of workers in Uniontown that the I. C. Frick Coke company had made a contribution of \$25,500 to the Y. M. C. A. fund. Of this amount, \$12,500 will go to the Fayette county, being distributed among the 36 plants, and \$10,000 to Westmoreland county. The total raised at Uniontown thus far is \$7,317.87.

COUNTY'S QUOTA RAISED TO \$50,000.
Following the raising of the county-wide goal from \$25,000 to \$50,000 it was announced in Uniontown this morning that the Fayette county quota would be \$50,000, instead of \$25,000. There is \$25,000 in sight, exclusive of the territories of Connellsville and Brownsville, which are expected to raise the remaining \$25,000.

Before Alderman Fred Munk, the men are charged with attempting to steal a \$10 gold piece from a punch board in Gigliotti's store. The men were arrested Thursday night, by Chief of Police Rottler and Pennsylvania railroad detective John DeTemple. The men are alleged to have gone into the store with the purpose of taking chances on the board, and while the proprietor was not looking to have taken the gold piece off. They put the money under a box lying on the counter. E. N. Stahl, who was in the store, seeing them place it there.

STAUFFER, AMULANCE MAN, IN CAMP JUST 3 MILES BEHIND FRONT

Former Connellsville Man at Western Front, Writes of French Experiences.

A letter from J. H. Stauffer, with an ambulance service in France, and stationed at a camp just three miles behind the front line trenches, has been received by R. L. Leiberger, a friend here. The camp is an outpost, and the men who go on outpost duty, which takes them to the second line trenches, are always in danger. The letter follows:

"Possibly you imagine that I have forgotten you, Connellsville, and may be even the short time I spent there, but let me assure you that such is not the case. I have been so busy assimilating new ideas and getting myself accustomed to a brand new environment that I haven't had much time to think of the past. As you doubtless know, the American Field Service has been taken over by the army and is now a branch of the same. The personnel has been preserved as far as possible and no radical changes will be made. We will still serve with the French army and our former shells, or heads of sections, now are rated as first lieutenants. Each section will eventually comprise 45 men and 20 cars, two men to a car and the senior driver working as a sergeant. As yet there aren't enough ambulances in France to carry this plan out. I imagine it will be six months before this change can be brought about.

"The work varies. It is issued to us by the French army and consists largely of horse meat, potatoes and beans, but we fellows club together and buy extras which help out a lot. We are allowed two cups of coffee a day, no cream or sugar, and three cups of brandy, a French army red wine which is nice. Red ink, we call it. When we mess with the French officers of course the grub is considerably better, though nothing to boast of. We never see butter.

"Mail is most irregular and you can generally count on getting some every two weeks, although the post comes to camp every day. It takes letters a month to come from the states and packages anywhere from six to 12 weeks. Very often they don't arrive at all.

"Our camp is three miles from the front, supposedly the closest of any ambulance camp in the field. We are sorry to see the full moon, for while it makes the night driving much easier it also brings over the Boche and his 'bouquet'—many bombs. Our camp is bombed every night there is any moon, but thanks to the inaccuracy of the Boche, no one has been hurt since July. On the 26th of that month 11 men were killed at our camp and several wounded. Some of our outpost, are at the second line trenches, within easy rifle fire of the Boche, and whenever we go out there we always hope for a good natured Boche machine gun man, for if he ever so desired he could blow us right off the road with his metreuse.

"The country is very beautiful. While most of the towns are in ruins, there still remain some very beautiful chateaux, of which I am getting some dandy pictures. We have had just three clear days since the first of October and this sector is a literal sea of mud and inasmuch as we are still living at camp, in canvas tents, we have no fires, and it is rather difficult to get dried out enough to scrape the mud off. We hope to be in winter quarters by November first, and then things will be vastly better. I can't say enough in condemnation of French tobacco. When I come back I'll bring you some to try."

Premier Evades Guard Sent For Him and Flees, Supposedly in Disguise.

COSSACKS BETRAY HIM

Left Gatchina Probably in Car of a Sailor; Former Grand Duke Michael With Kerensky is Rumor Doled by Bihenko of War Committee.

By Associated Press.

PETROGRAD, Nov. 17.—Deserted by most of his officers and virtually ordered to surrender to the Bolsheviks, Premier Kerensky evaded the guard sent for him and has disappeared temporarily from the post of commander-in-chief of the Kerensky forces, recently defeated at Tsaritsyn.

General Kraskoff, former commander under Kerensky, and who was arrested with other members of the staff, has been released on the ground that he was only obeying the orders of his superiors. General Kraskoff's report concerning the disappearance of Kerensky confirms the belief that he fled under disguise.

Premier Kerensky, when told that his officers were against him and that his men were on the point of deserting, agreed to come to Petrograd, but while a sea guard was being arranged, dropped out of sight.

On the afternoon of November 17 (old style) or November 14 (new style), I called at the headquarters of the commander-in-chief, said General Kraskoff, "He appeared nervous and excited."

"General," said he, "you have betrayed me. Your Cossacks say they will arrest me and give me up to the sailors."

"Yes," I answered, "such a discussion is now going on. There appears to be little sympathy for you and the officers feel the same way."

"What shall I do? Shall I have to commit suicide?"

"If you are an honest man you will go to Petrograd under a white flag and a revolutionary committee, where you will negotiate as head of the government."

"Kerensky said to this," and he was promised a guard. He objected to a guard of sailors on the ground that some enemies were among them. He wished to wait until night, but finally agreed to make the trip by daylight. I went and called Colonel Kishinof of the Tenth Don Cossacks, and ordered him to appoint a guard of eight men. A half hour later the Cossacks told me Kerensky could not be found. I raised the alarm, thinking he could not have left Gatchina."

M. Bihenko, member of the committee on war and marines, has reported to the workmen and soldiers' congress that Kerensky fled garbed as a sailor. Before his flight, Bihenko said, Kerensky talked with the Cossacks and found they were willing to go to an agreement with the Maximalists, but Kerensky could not be found. He said that he had promised the Cossacks that they would be relieved and possibly be allowed to retain their mounts and arms and return to the Don region.

Bihenko denied that Michael Romanoff, the former Grand Duke Michael Alexandrovich, was with Kerensky. He denied also that General Korniloff had escaped from prison.

People at Headquarters Write to Thank Local Navy League Workers.

Mrs. J. Melvin Grey, chairman of the Charleston Comforts branch of the Navy League, is in receipt of two letters, one from Elizabeth Van Rensselaer, chairman of the Navy League's committee of the Navy League, and the other from the comforts committee thanking her for a recent shipment of 129 sets of knitted garments received at the cruiser Charleston.

Mrs. Frazer writes that the comforts committee deeply appreciates the work which is being done by the Connellsville women in connection with the Navy League, and further states that it will be a great pleasure to her to give out any information she can to the local chairman, Mrs. Grey. The comforts committee writes that if the faithful workers of Connellsville were to have the opportunity of reading letters the committee receives from men who have been sent comfort articles, they would feel well repaid for their work. "The men are grateful not only for the material comforts, which meet unfeigned need, but for the personal interest you patriotic women throughout the country have shown in them through your labor of love," the letter states.

MEETING OF FUEL PRODUCERS WITH R. R.'S. TO BE HELD

Gathering to Take Place in Uniontown Monday as First Scheduled.

ALL OPERATORS INVITED

Including Team-Trunk Leaders to Consider Transportation Situation From the Standpoint of Both the Shipper and the Carrier; Relief Demanded.

By Associated Press.

Developments have occurred during the last 24 hours which make it possible for those who have been interested in arranging for a meeting between the coal and coke operators of the Connellsville region and railroad officials, to announce that the meeting will be held at 2 o'clock on Monday afternoon, in the municipal building, Uniontown, as had been originally planned. At a meeting of the Traffic Emergency Committee held in Pittsburgh Thursday evening it was decided, on account of certain matters coming up at that time, to postpone the meeting indefinitely. Yesterday afternoon it was found that the first arrangement could be carried out and the word was immediately passed around that the schedule would be adhered to.

Realizing that the winning of the war is almost solely dependent upon the continuous and uninterrupted operation of steel and munitions plants and their activity will in turn be regulated by the promptness and regularity with which they can be supplied with coal and coke, the traffic and operating officials of the railroads, through their emergency organizations, believe that much can be done toward clearing up traffic situation through a sort of "get-together" meeting between their representatives and the shippers of fuel. The purpose of this gathering, therefore, is to consider the situation from the standpoint of both carrier and the shipper, with a view to arriving at a clearer understanding of the difficulties which now encompass transportation, and which threaten to become infinitely worse if drastic relief measures are not taken.

The traffic officials know from their strenuous experience of the past year or longer that there are a number of matters which, when considered alone, are of relatively little importance, but taken in the aggregate, mean a great deal in regarding the prompt movement of coal and coke. These will be pointed out and suggested remedies proposed. On the other hand shippers will be asked to present their views of the transportation problem. The broad purpose of the meeting being to consider the proposition of facilitating the movement of coal and coke from a patriotic standpoint and in the spirit of co-operation in order to achieve results which will conserve the best interests of the nation in the present emergency and be mutually beneficial to both the railroads and the producers of coal and coke.

The railroad representatives at the meeting will comprise the members of the sub-committee appointed by the Traffic Emergency Committee who are P. F. Truesdale, division agent of the Pennsylvania railroad; J. B. Newell, general freight agent of the Pittsburgh & Lake Erie railroad; H. B. Pierce, traffic manager of the Monongahela railway and W. M. Cromlish, coal and coke agent of the Baltimore & Ohio railroad, and Vice Chairman Code and Secretary Wolcott of the Pittsburgh District Committee, which includes the general superintendents of all the railroads operating in the Pittsburgh district. Both of these organizations have been constituted as sub-committees under the Railroads' War Board which is that part of the Council of National Defense charged with handling the problems of transportation during the war.

All operators of the Connellsville region, and all parts of it, whether producers of coal or coke, and including the team-trunk leaders, are urged to be present at this meeting, the deliberations and conclusions of which are certain to be of vital importance to both the fueling industry of this section and the continued activity of the war industries throughout the country.

FENTON T. EVANS DIES, FOLLOWING A LINGERING ILLNESS

Prominent Resident of Connellsville Succumbs at 11:30 This Morning.

Fenton Thomas Evans, 47 years old, a resident of Connellsville virtually all his life, and one of the city's most prominent business men, died this morning at 11:30 o'clock at the family residence in South Pittsburgh street. Mr. Evans had been in poor health for the past year, becoming seriously ill last March. In June, accompanied by his father, David B. Evans, he left for Rochester, N. Y., where he underwent several blood transfusions at the Mayo Institute. Following a seven weeks' course of treatment he and his father went to Portland, Or., where they remained 2 months. Failing to gain from the treatment received there, he returned home nearly a month ago. Following his return home Mr. Evans was able to be about until two weeks ago. A trip south had been planned but was prevented by the rapidly falling health of Mr. Evans.

Mr. Evans was born near Scotland, Westmoreland county, October 22, 1870, a son of David B. and Catherine Cotton Evans, who are among the oldest and best known residents of Connellsville. At an early age Mr. Evans learned the plumbing trade under Robert Greenleaf and for 28 years conducted the plumbing business in South Pittsburgh street that bears his name. Although failing in health he continued active in business during the winter. Mr. Evans was closely connected with many of the city's leading enterprises. He was president of the Connellsville Construction company and also president of the Business & Professional Men's association. He was also connected with a number of the building and loan associations. Mr. Evans had a wide circle of friends by whom he was held in the highest of esteem. He was prominent in Masonry, a member of King Solomon Lodge No. 346, the Royal Arch Chapter of Connellsville; the Pittsburgh Consistory of the Knights Templar and Lodge of Perfection of Uniontown. He was a member of the First Baptist church. Deceased married Miss Isabelle Kormayer, daughter of the late Mr. and Mrs. P. S. Newmyer of Connellsville. In addition to his widow he is survived by one son, Charles R. Evans, his parents and one brother, J. L. Evans of Connellsville.

POSSE AFTER NEGRO
Indignant Dunbar Citizens Chase A Man Who Shot Up Another.

As the result of a shooting scrape at Dunbar last night, Charles Harris, colored, is in the Cottage State hospital suffering from bullet wounds of the left arm and the abdomen. Driven before a posse of outraged citizens, armed with revolvers, James Taylor, colored, alleged to have done the shooting, fled into the hills and today at noon had not been apprehended. Two bullets penetrated Harris' abdomen, one lodging in the back. The third one entered his left arm. One leg is paralyzed. The bullets were removed upon the arrival of Harris at the hospital and today hospital authorities stated that his condition is good.

About 5 o'clock yesterday afternoon three negroes were seen walking up the Fincastle road. They stopped in the road and following what appeared to be a quarrel, one of them drew a revolver and fired three times. The wounded negro fell to the ground and the other two made their escape. The shooting was in plain view of a number of Dunbar's citizens and a searching party was immediately organized. Before Taylor could get out of sight the posse was after him, sending a scattering fire of revolver bullets to precede him. After chasing the negro to Ferguson, a mile and a half from Dunbar, he disappeared in the underbrush and the posse was unable to again pick up the trail. The third negro has not been seen. Harris was indicated when admitted to the hospital.

STEPS IN FRONT OF TROLLEY CAR AND IS KILLED
Stephen Robbins Sustains Fractured Skull and Dies at Hospital.

Struck by the inbound Vanderbilt street car at 5:40 o'clock last evening in West Crawford avenue, Stephen Robbins, 50 years old, died at the Cottage State hospital at 4 o'clock this morning from a fractured skull. With a few feet above the Arcade theatre, just as the car was passing, he was not touched by the wheels.

The headlight of the car was broken, the man's head probably hitting against it. The fender kept him from going under the wheels, and his fractured skull was the only injury, aside from being bruised by the force of the fall.

A Connellsville crew, Conductor E. S. Heberthal, and Motorman A. R. Pirl, were in charge of the car. The car was not running fast at the time having slowed down for a switch, over which a car must not travel over four miles an hour, and it was quickly brought to a stop.

Robbins was removed to the hospital, where his death occurred this morning. There were many witnesses to the accident, a crowd of persons standing in front of the waiting room for the car seeing the man struck.

The body was removed to funeral Director J. E. Sims' parlors and was later removed to the Robbins' home at Dunbar. Notice of funeral later.

Mr. Robbins was born in Connellsville, a son of Bishop Robbins of Snyder, and Mary Richer Robbins, deceased. He resided here for a number of years, but of late had been a resident of Dunbar where he was employed at the Dunbar furnace. While a brakeman on the Pennsylvania railroad he met with an accident which resulted in the loss of an arm. At one time he followed the occupation of a carpenter. In addition to his father, Mr. Robbins is survived by his widow and two children.

Coroner S. H. Baum of Uniontown came to Connellsville this morning and appointed the following men to serve on the jury at an inquest to be held into Mr. Robbins' death: Grant Dull, C. A. Wagner, J. B. Ebdard, William Dull, Alex Hager and John Fenton. No date was set by Coroner Baum for the inquest.

TO ENFORCE DOG LAW
Assessors Told It Is Patriotic Duty to Show Interest in Matter.

Letters were sent to assessors in every district of Fayette county yesterday by the county commissioners demanding the strict enforcement of the new dog law. The letters read as follows:

"During the past few weeks considerable influence has been brought to bear on the enforcement of the dog law. The conservation of foods and the increasing demand for wool and cotton makes it a patriotic duty for every citizen of Fayette county to show interest in this matter. The court of Fayette county as well as the board of county commissioners will do all in their power to assist in this patriotic work by enforcing the law to the letter.

"This letter is being mailed to all assessors in order to impress upon them the fact that the report of the assessors does in a large measure influence the enforcement of this law by giving the county commissioners information where all dogs are owned or harbored, therefore in compliance with the recent act, it is your duty to make an accurate report of each dog in your district, whether owned, harbored or kept by any person whom you assess."

RESCUE CAR COMING

Mine Bureau Car To Be In City On Monday.

Mine Rescue Car No. 6 of the United States Bureau of Mines, in charge of John H. Zorn, first aid officer, and a crew of trained men, which has been stationed at Frostburg, Md., will arrive in Connelville on Monday over the Baltimore & Ohio railroad and remain here until Wednesday, after which it will be moved to Fredericktown, on the Monongahela river, to remain until December 9.

This mine-rescue car is one of eight now in use by the Bureau of Mines for training miners in first aid and rescue methods and the use of oxygen breathing apparatus. Each car has a crew that includes two experienced miners, a mining engineer, and a mine surgeon, and is equipped with the latest rescue and first aid apparatus and supplies. At a moment's notice the car is ready to proceed to the scene of a mine disaster, where the bureau men place themselves under the direction of the state mining inspectors and mine officials to do everything possible to assist or save miners who may have been injured or entombed.

Miners are shown how to use rescue apparatus, and how to take care of an injured comrade. The lectures are illustrated by lantern slides and moving pictures which show good and bad methods of mining and how accidents are easily prevented. These lectures are given in the car when a suitable meeting place cannot be procured elsewhere, but lantern slides and moving pictures can not be shown in the car.

Free instruction and training in methods of first aid to the injured are also given by crews of the rescue car.

WALLET FINALLY REPORTS.

Missing Negro Drafted Is In Baltimore; Will Go to Camp Lee.

Granville A. Wallet, a colored draftsman, registered under the local board for District No. 5, has telegraphed to the board asking which camp he is to report to. Wallet could not be located when the drafters left here, but it was learned that he was in Baltimore and authorities there were notified. He never appeared for an examination and was listed with the slackers. He will be sent orders to go directly to camp Lee.

Not a Slacker. Oscar Todd Workman of Dawson appeared before the draft board of No. 2 district this morning of examination. Workman was summoned to appear on August 17, but according to his statement was working through the East and did not receive his notice. He is a Western Union lineman. Workman will be examined later.

WOULD CONFIRM SALE

Thompson Trustees to Ask Approval of Butler Deal.

UNIONTOWN, Nov. 17.—D. M. Hertzog and George R. Scruggs, trustees for J. V. Thompson, are preparing a petition asking for the confirmation of the sale of Greene county coal to J. G. Butler of Youngstown, O. The petition will mean the ratification of what is known as "the Frick sale," by which approximately 12,000 acres in Greene county will be disposed of for \$5,000,000. In addition to the estate of Mr. Thompson, the finances of Judge Work and other coal owners in this section will be greatly benefited.

Certificates of all the Thompson liens will be filed by the trustees with Prothonotary George Rathmell and with the recorder of Greene county. Referee J. G. Carroll will advertise the proposal and then a meeting of the creditors will be held to confirm the negotiations.

IS NOW THEDA BARA

Theodosia Goodman Given Legal Right to Use Stage Name.

NEW YORK, Nov. 17.—Theodosia Goodman who petitioned the Court as "an actress who has become celebrated through her own efforts," was given the legal right yesterday to use the name of Theda Bara, both on and off the stage. The change of name was general in the family of the famous picture "Vampire." Her father, mother, two sisters and a brother also became Baras instead of Goodmans. The petition stated that Miss Bara was "over 21 years of age" and that she was born in Cincinnati. Her father is a native of Chosel, Poland, while her mother was born in Switzerland, the daughter of Francis Bara de Coppet. It was explained that Bara "is an old family name."

According to a letter received by his brother, Attorney C. L. Davidson of Uniontown, Lieutenant Davidson has completely recovered and has resumed his duties in command of a base hospital approximately 15 miles in the rear of the French lines. Dr. Davidson omits all details as to the circumstances of the "gassing."

RED CROSS WORK MUST BE SPEEDED UP BEFORE XMAS

Holiday Season Means Let-Up in Activities Which Should Be Offset Now.

OFFICIAL APPEAL ISSUED

Chairman Kurtz Points Out That Supply Is Still Inadequate to Fill Organization's Demands; Local Women Have Made Excellent Progress.

An official appeal to the women of the Connelville chapter of the Red Cross that the work be materially increased during the next few weeks, since the Christmas season, so close now, will necessarily mean a let-up in the activities, was issued this morning by Chairman J. Fred Kurtz of the chapter.

Though the work has been much increased here during the past few weeks, the decreased turnout during the holiday period has been anticipated, and there has been a special request from Washington headquarters that the work be speeded up from now on. The workers who are now turning out regularly once a week are asked to come to the workrooms as many more days as possible. Those who are at all able to do so are urged to report every day.

The present needs of the organization are much in excess of the supply on hand, as evidenced by the placing of an order recently for 500,000 machine made sweaters.

So far this month, the sewing department has made seven dozen bed shirts, four dozen sheets, and 20 pajama suits. No reports have been issued by the surgical dressing and knitting departments, but it is known that the women doing this work have made excellent progress. Even with these accomplishments, however, the supply is still inadequate and the officers of the chapter feel justified in calling upon the women of the city to make every effort to get to the work rooms more often until the holiday season sets in.

Dawson's Red Cross women have accomplished much work in the past week. Three meetings were held this week and the women turned out in large numbers, untiring and earnestly working for the soldiers. As the result of the sewings splendid results were obtained. Twenty-one hospital bed shirts were made and work on more of the same articles and on pajamas and surgical dressings is well under way.

Mrs. H. C. Gilmore, 247 E. Fairview Ave., Connelville, says: "I am satisfied that Donna's Kidney Pills are a fine kidney remedy. I have never used but one box and that was several years ago, when my kidneys were weak. I found this remedy to be beneficial and I willingly recommend them."

Gilpin Is Arrested. Tom Gilpin, wanted for breaking jail in Uniontown, was arrested on Water street by Assistant Chief of Police Bowers and Parolman Turner last evening. He is being held.

KEEPING OUR PLACE.

The importance of Connelville as
the military center of Fayette county
is again shown by the decision of the
National Guard authorities of the
state to station one of the companies
of the Third regiment of the provin-
cial guard here. The fact that we
have an armory has had something
to do with this arrangement but it
is also recognized that Connelville
has maintained its military spirit
without abatement, and that the
state of the state guard organized here
have always ranked high. Connel-
ville has had representation in nat-
ionally every service performed by
the National Guard of Pennsylvania
during the past 40 years. It sent
Company D to the Spanish-American
war when the Tenth regiment added
new glories to the achievements of
our citizen soldiery. A few months
ago this same organization went out
from our city to a southern camp to
complete its training for service on
the battle fields of Europe. A com-
pany of the provisional guard which
was organized after the Tenth reg-
iment went to the Philippines was
stationed here, hence it is but the natural
order of events that a similar organ-
ization should be located here now.

The new guard is designed merely
as a state organization, having the
same status as the National Guard
prior to its entry into the federal ser-
vice. Its activities will be confined
to the state, but it will afford an ex-
cellent opportunity for men not
eligible for the selective draft to re-
ceive military training and to render
at home a form of patriotic service
which is in every way honorable, cre-
ditable and necessary.

WHERE CARE IS NEEDED.

The new draft regulations will
throw upon individual registrants a
very much greater burden of respon-
sibility in the matter of supplying in-
formation to the local boards than the
old regulations. These regulations
were evidently framed upon the as-
sumption that no one knows quite so
much about the facts determining a
registrant's eligibility for military
service as the man himself. The
Questionnaire is therefore designed to
furnish this information while at the
same time it provides means for check-
ing up the registrant's statements of
important facts, hence it red-ces to a
minimum the possibility that a regis-
trant can escape proper classification
through intentional misstatements. But
the chance remains that he may get
into the wrong class through failure of
neglect to give all the facts necessary
to place him in some other class.

It is very essential, therefore, that
registrants be very careful as well as
exact in making their answers. "To
the registrant," says Provost Marshal
General Crowder, "who seeks exemp-
tion or deferred classification must
therefore be assigned a part of his duty
will be to furnish complete informa-
tion to support his claim, and he must
do this through the medium of his
questionnaire. In this connection it
is recognized that the completion and
filing of this instrument will require
considerable care."

The classification of registrants
will be determined by the local boards
solely by the facts supplied by the
registrants in their answers to the
questions. If these are not fully
answered the boards cannot assume
any fact which the Questionnaire does
not show but must make their decision
upon the information supplied. It is
of the utmost importance, therefore,
that the registrant exercise the most
care in filling out the Questionnaire which
he is required to supply as a fact,
circumstance or condition that will
enable the board to assign him to his
proper class.

The word is passed out again that the
draft slackers in the state are to be
rounded up. This announcement has
been made so often, and without any
tangible results, that it is in danger of
being classed with the "wolf" wolf
cry.

The boys of the 119th regiment are
becoming anxious to change the scene
by making it "Marching Out of
Georgia" and "over there."

The coke operators of the lower Con-
nelville region breathe a sigh of re-
lief that the embargo against them has
been removed. Their customers again
some relief too.

Attending the "Over the Top" Y. M.
C. A. meeting tomorrow afternoon will
not violate the Sabbath observance
scruples of any. This is but an-
other of the occasions when it will be
proven that "The better the day the
better the deed."

The Italians have made the Germans
take water all right. Flooding the
ground occupied by the left wing of their
army along the Plave river was not ex-
actly the kind of an attack the Teutons
were expecting.

THE NEW DRAFT REGULATIONS

Part IV

Establishing Dependency

Under the new draft regulations
more minute and detailed information
relating to dependents is required of
registrants, when seeking exemption
or discharge upon the ground of de-
pendency, than was required under
the old regulations. The information
establishing dependency is provided
by answers to the questions under
Series X of the Questionnaire. The
first of these questions is:

Have you a wife, or child, or aged, in-
firm, or invalid parents of grand-
parents, or brother or sister under
18 years of age, or a helpless
brother or sister of whatever age,
mainly dependent on your physical or
mental labor for support?

If the registrant answers "No," to
this question, he need not answer the
remaining questions of this series. If
he answers "Yes," he must answer all
the questions. If he intends to claim
discharge from military service on ac-
count of having dependents, or if he
expects any person to claim dis-
charge for him on such ground, he
must secure the supporting affidavits
of every person over 16 years of age
named as dependents. He or any
other person may also (and if the lo-
cal board requires it, he or they must)
file additional affidavits with the lo-
cal board. The questions to be an-
swered by registrants claiming exemp-
tion are:

If you are married, state the place,
date and the person by whom the cer-
emony was performed.
